Podcast: The Coolest in Pump Testing and Condition Monitoring

We agree with Empowering Pumps, pump testing and condition monitoring are the coolest!

Listen to the latest Empowering Industry podcast, where Charli Matthews chats with our Director of Condition Monitoring and Test Lab, Ares Panagoulias, about his history with the Hydro Test Lab, how he got pulled into the world of pumps, and the new innovations he is heading with our Centaur condition

monitoring division.

Watch to the interview below, or listen to the podcast here.

Learn more about the Centaur condition monitoring solution and and Hydro's Performance Test Lab.
