# Hydro's Test Lab is the first to be certified by the Hydraulic Institute (HI) Pump Test Lab Approval Program

We are very pleased to announce that Hydro's Test Lab is the first test lab to be certified by the Hydraulic Institute in their new pump test approval program.

The Hydraulic Institute which will celebrate 100 years of industry leadership in 2016 is a prestigious organization which develops and delivers comprehensive industry standards and educational programs.

Special thanks to Hydro's Jeff Johnson, General Manager of the Test Lab and Ares Panagoulias Test Lab Engineer whose dedicated efforts in working with the accreditation team were critical to the approval of our test lab.
