

Hydro Middle East Passes 2016 API Audit

[Hydro Middle East](#) is pleased to announce that their five day API audit for API Q1 [ISO9001:2015](#) and their five API monogram licenses (API 5CT, 6A, 7-1, 16A & 16C) concluded positively with the auditors recommending API to renew their license.

This audit was a challenge due to the following:

- They were the first establishment in the region to face the new 2015 revision audit.
- An API officer flew in from Houston to assess the API auditor performing this audit.

The team at [Hydro Middle East](#) was lauded by the auditing committee for the attention to detail and discipline. The appearance of the shop was also noted and praised by both auditors.
