

Engineering Pumps for
Better Performance and Longer Life

Hydro Australia Opens Pump Repair Service Centre in Darwin

[Hydro Australia](#), a Hydro, Inc. company, opened its new pump repair service centre this April, in Darwin. The service centre is located at 23 Beresford Road, Yarrowonga NT 830.

Open from 7:00 AM – 3:30 PM, this service centre joins a team of worldwide pump refurbishment centres. At Hydro's Darwin location, customers can rely on engineers to help with a wide range of pump challenges.

Do you want to minimize downtime? Do you need engineering consulting? Would you like your pumps to run more efficiently? If yes, Darwin's service centre is ready to support you with any, and all, pump issues.

For more information, contact Darwin's Service Centre, at +61 0419 551 911 or visit them online at, hydroaustralia.com.au.
