

## New Service Center Opens in Darwin Australia

## Meet Hydro Australia's newest service center in Darwin.

<u>Hydro Australia</u> provides engineered upgrades, quality pump repair, and on-site field service to pump users in Australia, New Zealand, Vietnam, and Southeast Asia. <u>Hydro</u> engineers can identify and solve the root cause of pump problems and can re-engineer critical equipment to eliminate recurring issues and minimize downtime costs.

As an independent company, Hydro Australia offers an unbiased view of all pump challenges. Hydro

## hydroinc.com

Australia is an ideal partner in providing independent analysis, long-term solutions, and expedited turnaround time for your critical pumps and systems.
